Determine What Works for Ongoing Success Year over Year!

- » Employ Yield reports to see the best yielding items and most generous attendees.
- » Use the Donor reports to create a procurement schedule for the next event.
- » Utilize the Attendee reports to determine potential invitee lists for the next event.
- » Draw on the Financial reports to determine the profitability of your event.
- » Apply the Audit reports to ensure your data's integrity and accuracy.
- » Examine the Statistical reports to analyze where your resources were best spent.

"I could not be more pleased with this software. It handled every aspect of our events, including the gala with over 700 attendees. The staff loved it because it was easy to use, and the guests loved the professionalism and the simplicity of our auction check-out."

***C.W., Regional Vice President
